

Your Kingdom

By Werner Carrasco

Performed by Allison Padilla

To be in your Kingdom,
To sit by your throne
My heart must be broken,
Remove every stone

To be in your presence
To linger with you
I must see the world
With the Love that you do

CHORUS

Because your Kingdom
Is never a place,
A mansion or city,
It's greater than that,
To walk with you, Lord
To be by your side
I must see the world,
With the Love that you do

Your home is within me,
My home within You
Your Kingdom is Love
Your castle is Truth

The hungry and hopeless
Together we'll meet
I must see the world
As you also see me
