VALUE SERIES: HUMILITY

What's the VALUE in Christian education? Values are the foundational blocks upon which a better life is built including successes in education, skills and talents. Our school puts values into action in all we do and encourage students to do the same.

Humility: At YCS we teach humility as a strength. As lifelong learners, there is always something to learn from one another. Realizing that each part of our student and church bodies work together as a team, helps us to value each other more equally. We inspire students with the stories of Christians who have 'washed the feet' of others without regard for individual gain or status.
