How the company learned of this situation: The Company was recently advised by the Florida Department of Health of the presence of elevated heavy metals (lead) in some of its products. In response to this information, the Company undertook an investigation and determined that the issue related to graduated droppers provided by a third-party packaging supplier.

Exposure to lead could present physical signs and symptoms including, pain, paresthesia/muscle weakness, abdominal pain, nausea, vomiting, diarrhea, constipation, poor appetite, weight loss, symptoms associated with encephalitis, metallic taste in the mouth, shock, hemolysis or kidney damage.

In response and in conjunction with the regulatory authorities, the Company:

1. issued a voluntary nationwide recall of the affected products, providing every customer with replacement products at no cost to the customer; and
2. retained a replacement third-party packaging supplier for all replacement and future products.
3. Discontinue use of graduated droppers in the future.

Prior to notifying customers of this recall, MHR Brands had not received any reports of adverse health effects regarding the recalled products. Consumers should contact their physician or healthcare provider if they experience any symptoms that may be related to using the products being recalled. Consumers should observe pets and contact their veterinarian as signs and symptoms of lead exposure in pets may be similar to those in humans.

Immediately examine your inventory and quarantine product subject to this recall. In addition, if you may have further distributed this product, please identify your customers and notify them at once of this product recall. Your notification to your customers should include a copy of this recall notification letter.

Product Disposition: Return the product to the Company or destruction.

This recall should be carried out to the consumer level. Your assistance is appreciated and necessary to complete this recall.

MHR distributes nationally directly to consumers thorough internet sales and is currently notifying all customers about the ongoing recall directly. The Company also manufactures for other marketers and is notifying those customer of this issue and the identified LOTS urging return of the product to the Company or place of purchase for a free replacement or to contact MHR Brands at 844-300-5673 Mon.-Fri. 9am-5pm (EST) or by email at recall@mhrbrands.com.

While this recall is being made with the knowledge of the Food and Drug Administration, FDA does not endorse any products subject to this recall notice.

Media Contact: Members of the media can contact the Company at 954-773-9456.
