October 11-13	Outdoor School 5th-8th Grade Camp Ida-Haven
October 18-19	Teacher In-Service-No School for 1-8th Grade

Isaac, 2nd grade

### Preschool News

We got to meet a new friend Cora this week and next week another friend Landon will be back. We are starting to get into the swing of things as we explore our room and learn the rules. We are learning to use our words when we want something.

We started our Bible story about creation and how God made all the world. The kids are getting good at doing the memory verse in sign language and learning our creation song. God made all the animals and he made people too! Teacher traced around our bodies and we will have them up in the hall soon. We will be adding faces, etc. to our bodies as we learn more. We've learned a lot about animals this week. We've been learning what they sound like and even learned that a giraffe and a zebra make sounds!

Playdough was used to make snakes and help strengthen our hands as well as cutting yarn with scissors. Today we practiced writing and finding our names, too.

### Curious Kinders News

We had a great week this week learning about friendships, how to write 2's, 3's, A's and B's! The students are making letters in an artistic way to help them remember the sounds the letters they learn each week make. When they have completed all the letters of the alphabet, we will send their work home as a keepsake for you. The students also learned how Jesus made a friend with Zacchaeus, a man who was difficult to be friends with. We learned that we should try to give everyone a chance to experience God's love in friendships.

Next week we will be covering 4 & 5 and Cc & Dd for next week as well as learning different ways to be kind to each other and how to pay kindness forward. Our memory verse will be from Luke 6:31 - The Golden Rule. We will be reading several books that covers these topics. Also, we will continue practicing how to write our names.

Included in the Friday Folder is a Reading log for next week. If you read to your child, please fill it out, sign it, and return it with the Friday Folder on Monday.

For share time next Friday, the students will be sharing an act of kindness they did during the week. They can share something they did at home or school. I will write their kind deed on a leave and put it up on our kindness tree.

### Mrs. Davidson's Classroom

This week in Bible we have talked more about God's gifts to us. We finished up with the promise of eternal life with Him in heaven. I am so thankful that we have something beyond this dark, broken world to look forward to! Our new memory verse is Ephesians 2:8 - "God saved you by his special favor when you believed. And you can't take credit for this; it is a gift from God."

We are continuing our study of the Midwest region in social studies and learned about Michigan, Illinois, and Missouri. We have also learned about nouns and end marks, and our writing project has been an informative paragraph about how honey is made.

Have a blessed weekend!

### Mrs. Messecar's Classroom

This week has been a fun week of learning. In reading class the 5th-7th grade students have been learning the etymology of words. Their words for spelling have Latin & Greek origins. The 7th grade students are reading about Noah Webster & his desire for all Americans to correctly speak in the English language. It drove him to write the dictionary with the correct pronunciation of each word. He also wrote the Blue Book Speller, one of the first American text books. They got to hold and look at one from 1880.

The 5th & 6th grade students are learning about slavery and how it impacted their lives. They are also learning about the end of slavery & reconstruction of the South in social studies. The 4th grade students are learning about George Washington Carver & how hungry he was for knowledge. Each of the students in this classroom are eager to learn & a pleasure to work with.
