Theme Book

We will continue our theme book called *Career Day*. In this book, we will explore the careers of people who work and serve together meeting the needs in their neighborhoods.

Letters of the Week

So far we have spent time learning about the letter sounds /m/, /s/, /c/, /t/, /p/ and /a/. During this upcoming week, we will be reviewing

these sounds and not introducing any new ones. You can help by finding opportunities to practice these sounds at home or when you are out and about.

Reading Books

Watch for little readers coming home with your kids. The kids have practiced them at school and you can listen to them read them at home now. This can be part of your reading log time.

science test next Wednesday. I have sent home a review sheet for the students to study.

In 5th grade Math, we have continued practicing multiplication of whole numbers. The students have multiplied by 3 digit numbers. The 6th graders have been reviewing for their math test next Tuesday. They need to be able to add, subtract, multiply, and divide fractions and decimals.

Mrs. Janet Lopez

This was a fun filled, busy week! In Bible we read about the prophet Jeremiah and his message from God that he shared with Jerusalem. This message was not well received by Israel! We also learned more Church history.

In English we watched a video about how to make a peanut butter and jelly sandwich. The students then wrote their own how to paper! I learned so much like how to tie my shoe and drink water! We also finished our compare and contrast essays.

The Native American tribes and the first Thanksgiving is our next unit in Social Studies.

We had two great field trips to Siloam Springs park to clean up trash and to the corn maze/pumpkin farm. Thank you so much parents for the help with transportation!
