2019 Chosen International Pathfinder Camporee Union Youth Director's Check List

How to lay out your Union Camping Area on paper by conference:

- Once registration closes for the Camporee, you will need to design a detailed map which will include each conference and their campsite within your Union camping area. The formula to use is 125 square feet per person who is registered for the Camporee from each of your conferences. The Facilities Coordinator or designee will let you know how much space will be allotted to your Union.

Example: 400 people from conference X

400 x 125 sq. ft. = 50,000sq. ft. Conference X would be allotted 50,000sq. ft. for their camping area, which you could configure in a number of ways. Example: 360 ft. x 138.89 ft. = 50,000.4 sq. ft.

See sample map.

- Once you have determined how much space each conference is allotted, you will need to tell each conference Youth Director exactly how much space they will have to place all their clubs within, which will include: tents, cook tents, chuck wagons, and campers. **(We discourage the use of campers because they take up so much space within a club. This is a tent camping experience).** Please make sure your Youth Directors have this information as soon as possible so they can plan their conference camping space accordingly. They will need to configure their camping space to accommodate their clubs, while staying within the dimensions you give them.

How to mark out your Camping Area:

- Find your Union camping area on the Camporee campgrounds. A map will be provided for you.
- Use tape measure, ground spray paint, inverted ground marking wand. Purchase at Fleet Farm, Menards, etc.

- First, measure the outside dimensions for your Union and mark with ground spray paint.
- Next, mark all traffic lanes and areas that need to remain open for emergency vehicles and foot traffic.
- Then, measure out and mark the outside dimensions for all the conference camping spaces within your union. Label each conference camping space with the conference name for easy identification using ground spray paint.
- Finally, set up your Union "gate" with your signs, banners, decorations, etc. This will be the entrance into your Union camping area. Keep in mind this should be set up before the conferences arrive, and should not interfere with their camping spaces.
