Noted

That Ron Whitehead shared there were 612 baptisms at the FFIC in 2014. That it's not only about the baptisms at the camporee, but those who make decisions when they get back home.

Noted

That Ron Whitehead shared that typically at large events there is a lot of (baptismal) fall out after the event so CYE will be doing a follow up study over the next 10 years on those who were baptized at the camporee.

Noted

That Ron Whitehead said that some clubs purchase their supplies at the local Walmart and then leave behind all the stuff (tents, sleeping bags, etc.). Vern Byrd mentioned that they have a church group that comes by afterward and the local churches do come on the property for things they might use.

Ron Whitehead said that CYE will advertise in the camporee newsletter choosing a location for people to bring their leftover stuff and also inform the local surrounding churches.

Noted

That Ron Whitehead shared that there are three things that make the camporee successful: Charge what it costs, make it non-refundable. Set a ceiling (up to this amount of people). Better to build from small to big.

Noted

That Ron Whitehead will add an app and social media to survey on the part of Communication. And do a recap of the day and share it by video for those who work to get a review at night of what happened through out the day.

Noted

That Ron Whitehead will put a ticket counter on the website (homepage) and Camporee app.
