2021 – 2022

Dear Parents,

At Katy Adventist Christian School (KACS) we are excited for our new school year to begin! If you have not registered, we encourage you to do so soon! We praise God, that despite COVID, our student numbers are growing!

Mrs. Morales is our Pre-School – Kindergarten teacher. The students love her enthusiasm as well as the way she has colorfully designed the classroom to enhance their desire to learn. Mrs. Moller teaches 1<sup>st</sup> – 8<sup>th</sup> grades. She is looking forward to the returning students as well as meeting the new ones. She feels blessed to have each of her students, and desires to make their learning experience fun and exciting. Both teachers love to see their students' academic and spiritual growth. Mr. Moller, our office manager, is also our full-time teacher's aide. The students love to have time with him to play math games, reading games, as well as his outdoor singing time mixed with PE activities.

Our multi-grade classrooms are geared to give the students the opportunity to learn at their own pace and to be inspired by their fellow classmates! We keep our classroom size to a minimum to ensure each child receives individualized attention.

KACS offers a quality Bible based Christian education to children from 3-Year-Old Pre-school – 8<sup>th</sup> grades. Our fully accredited program reflects current state approved curriculum viewed through a Creation-based lens. We begin each day with classroom prayer and worship, followed by the pledge to the Bible, US flag and TX flag. In addition to the regular academic courses, we also have Bible class each day. On Fridays, we have chapel, and special classes of STEAM including, music, and Spanish tailored for each age group.

Your child's education is our mission! Our goal is to meet the intellectual, creative, moral, social, emotional, spiritual, physical, and equitable needs of each child. We strive to maintain a warm, supportive, safe, and caring atmosphere while meeting these goals.

At KACS we use the “whole child” approach through Christ-centered education that instills compassion, integrity, and accountability. We train our students so that they become critical thinkers, achievers, and servant leaders who are prepared for a fulfilling future in high school, college, and beyond.

Please continue to pray that God guides us and helps us to ‘teach the children in the way they should go’. As we are promised in Proverbs 22:6, that if we as parents and teachers do this they will not depart from it.

May God bless you and your family,

Nidia Moller, Principal  
Katy Adventist Christian School
