Quick Start Guide for High School Students

Start Here:
Quick answers to help you get started on your Griggs International Academy (GIA) courses!

It's mandatory to schedule and attend a student orientation. Sign up today using this QR code:
Navigating Griggs Online

When you first log in, it's natural to feel a little overwhelmed. Take a few minutes to click through the pages and buttons to familiarize yourself with what is available to you. Your “first” day might just consist of reading this guide, watching the Getting Started video, and learning to navigate the website.

As you begin your course work, you can easily refer back to this guide if needed. Attending a New High School Student Orientation will also help you become familiar with Griggs Online.

Make note of the arrows on the next two pages. They will point out important icons or buttons that you'll need to begin using Griggs Online.
Let's Get Started

GIA Online gives you access to your online courses and more! You can interact with your classmates and teachers and find the latest news on what’s new.

First, check out the Griggs Assistant in the widget below. You will find many of the most asked questions answered there. To begin your lessons, locate My Courses below. Click View All Courses, hover over the course image, select ... and Pin your course. Do this for each course. Once you have done these things, you can find this by clicking the down arrow next to Getting Started and selecting Collapse this widget.

You are now ready to begin your course!

My Courses:

- 1073.1 Bible I Encounter, Semester 1
- 1072.0 > Semester 1

View All Courses (2)

Need Help?

The Griggs Assistants are here to help you find what you need to be successful. Whether you need resources from our library, help doing something, contact information, instructional videos, forms, or more, we are here to make your Griggs experience better.

Click Here To Get Help!

Student Task Force

Did you know we have a Student Task Force? These students have been volunteering time to do special projects for Griggs International Academy. Check out the October edition of the Griggs Gazette to learn more!
How to Start a Course

From the main page, scroll down to the section that says "My Course" and click on the course you want to begin. Notice that you can "pin" your 1st semester courses so that they appear first by hovering over the class, clicking the button with 3 dots and then clicking "Pin."
Step 1. Read the class announcements so you don’t miss any important information.

Step 2. Save the “Let's Get Acquainted” file for later use.

Step 3. Read your teacher’s bio and note the ways to contact them.

Step 4. Click “Content” to begin your coursework.

Step-by-Step Guide to Starting a Class

- Step 1: Read the class announcements so you don’t miss any important information.
- Step 2: Save the “Let's Get Acquainted” file for later use.
- Step 3: Read your teacher’s bio and note the ways to contact them.
- Step 4: Click “Content” to begin your coursework.

Your Teacher

Ben Kreiter taught Bible in a traditional school for 8 years before coming to Grace Bible College and joining the Department of Religious Education. He currently serves as Head of Bible Course Design and Online Support. He loves Jesus and wants his students to know how much Jesus loves them. He loves sports, photography, writing, and most of all spending time with his wife, Victoria, daughter Lily, and son Henry. He is looking forward to studying the Bible alongside you.

  Hey everyone, this week we are going to take a look at the book of Acts. I think it’s going to be a great experience. I’m excited to see how you all are going to be challenged and what you will learn. I’m looking forward to see how everyone is going to be impacted.

DBA Schedule
Zoom
Step 5: Click "Get Started" to launch the course content.

Step 6: Use these arrows to move forward to the next lesson, assignment, etc.

Click here to navigate back to the Content Page.

Click on the "waffle" icon to open the course overview for easy navigation to another unit or lesson.

Once you have completed all tasks in the module (the Online Service Agreement Quiz & Let's Get Acquainted dropbox), the next module will appear. In order for the next module to open, you must complete everything in the previous module, such as quizzes, assignments, lessons and/or more.
As you work through your class, you will be participating in lessons and class discussions while completing assignments/tests, projects (uploaded in a dropbox), and exams.
**Staying On Track: Using the Course Pacing Charts**

We recommend planning to complete your course work within 9 months (18 weeks for each semester.) To help stay on track, we have created Pacing Charts for each course to help you create personalized due dates, track grades, and monitor progress. Find your course pacing chart within the Introduction module of your course's Content tab. Please note that all courses must be completed within 12 months of enrollment.

Follow the instructions you find on the page to complete your personalized pacing chart! Here's a sample to help you envision what yours might look like:

Your parents/guardians or facilitator are great resources when you need help understanding an assignment. Your teacher is also available to help answer questions, grade your assignments, and provide feedback on the assignments you turn in.

Find your teacher’s contact info by clicking on your course and reading their bio that is on the left sidebar on the course homepage. This is also where you’ll go to sign up to complete DBAs (Discussion Based Assessments) for some classes using the Calendly link.

Please allow 48 hours for your teacher to grade your assignments and at least 24 hours for them to respond to emails or texts.
Feedback

After you turn in each assignment, test, or quiz, your teacher will review your work, grade it, and provide direct feedback for you to use to do even better on the next assignment. Follow these steps to view your feedback:

Go to the desired course homepage, and click on “Quizzes” or “Dropbox” under the “Assessments” tab.

Click “On Attempt” to view your grade and feedback.

Once the teacher has graded your assignment (within 48 hours of submission), you’ll be able to see your letter grade.

View the “Attempt Feedback” along with individual question feedback (for some courses.)
FAQ

Where do I find my GIA email?

Click on the mail envelope button at the top of any page and click "email." You can read, compose, and forward messages here.

Where can I find quick answers to my questions?

On your homepage, click on the Griggs Assistant. A new window will appear with several resources and answers at your finger tips.

How do I go about ordering my books?

Visit our website to view your student's booklist to know exactly what you will need to purchase and what will be included as a digital file in the course. Hover over the enrollment tab and click "Order Your Books." Books can be purchased through our bookstore or a third-party vendor (check the ISBN number to be sure you're getting the correct edition of the book!)

Can I use notes during a test?

Always refer to the instructions before an assignment or test to know what you can and cannot do. It will always tell you what is and is not allowed.

How do I get access to my eBooks?

eBooks that you purchased during the enrollment process can be requested using the "Request" button on the top bar of your course homepage. Select "eTextbook" and complete the form. You can also request final projects, exams, and even transcripts after you've completed a course!
Griggs staff and faculty love interacting with students during live Zoom meetings. More information can be found at griggs.edu/student-services/Griggs-Life

MENTOR GROUP

Grades 9-11 can zoom with classmates and the class mentor on Tuesday at 11:30 a.m. EST. Seniors meet at 2:00 p.m. EST. Every week is different as you'll play games, work on fun projects, or learn about a new hobby.

WORKSHOPS WITH PRINCIPAL FORSEY

High school students can join Ms. "4C" once a month to learn valuable life skills. While the topics change from time to time, this workshop is for anyone interested in exploring and growing as a leader, writer, etc.

HIGH SCHOOL CHAPEL

Once a month, high school students gather for a live Zoom meeting with a guest speaker. Students participate in various aspects of the service by reading a scripture verse, praying, and sharing their musical giftedness through song.

TANGLE WITH MS. D

For 45 minutes, take a creative break with Ms. D! She will help you increase your visual vocabulary and learn the basic repeated lines to make amazing designs.
How long will it take?
The Stanford Achievement Test 10th Edition consists of 7 subtests (or subjects). Each of the subtests takes 30-45 minutes to complete. You do not need to take all the tests in one day! In fact, we recommend spreading out the test over 2-3 days to prevent burnout.

What will I be tested over?
The subjects assessed include Reading Skills/Comprehension, Vocabulary, Mathematics, Language, Spelling, Social Studies, and Science. You do not have to complete the Word Study Skills or Listening portion of the Stanford 10.

Do I need to study ahead of time?
First off, remember that you cannot fail this test. Achievement tests are not “pass/fail” tests. Stanford Practice Tests are available on the log-in screen (before you log in) to help you know what to expect on test day and increase your confidence in taking the test but no, you do not need to study for this test.

Check your inbox for a message from giak8academics@gmail.com for more information!
We look forward to starting this school year with you!

Be sure to sign up for the next New Student High School orientation! Visit griggs.edu and hover over the Academic tab. Click the Orientation Dates link and sign up for the date and time that works for you. Attendance is required.
