Burman University

Once each year there is a special offering to benefit our Seventh-day Adventist University in Canada, Burman University. Because students come from every Canadian province, from the US, and from abroad, Burman represents not only our church in Canada, but also the world church. At Burman, young men and women study and work together on a vibrant and diverse campus.

Many pastors, teachers, evangelists, administrators, and lay members are proud of their connection to Burman, a university where they learned to think, to explore their beliefs, and to act upon those beliefs.

When we invest in youth, we invest for eternity. Our gifts today will be carefully used to make a difference in the lives of young people, to help them become the people they were created and called to be.

This year, our goal is \$100,000. This is a goal that can be reached easily if every Canadian Adventist family donates \$7.00 or more. If you are not prepared to give today, please take note of the special envelopes provided for future giving.

Thank you for your financial support and for your prayers for the students, faculty, and staff of Burman University as, collectively and individually, they think, believe, and act...as they serve others and God.
