Local Church Budget

Groundhog Day. Even Punxsutawney Phil has his day in the sun! As we consider this whimsical, legendary creature that supposedly makes his appearance each February and predicts the soon advent of Spring, we know that in some minds the groundhog or woodchuck is a nuisance, raiding gardens and leaving big holes in the ground. On the plus side, however, their abandoned dens provide homes for foxes and skunks that in turn eat mice and destructive field insects. And groundhogs are even used in biomedical research. Their susceptibility to a virus similar to human hepatitis B has made them valuable to researchers in finding a cure for the human affliction.

Who would have thought! But then, who would have thought that a church organization that began with a handful of believers in the mid-1800s would now number well over 20 million! This is all because of our wonderful Adventist message and our deep devotion to evangelism, both public and personal. And it is no doubt also due to our faithfulness in tithes and offerings, which fund the mission.

When you think about it, however, the early Christians in Acts 2 had no organizational infrastructure, but what they did have was lots of love for one another. They provided strongly for the needy among them, and they went forth preaching the Word in great faith.

Let us today demonstrate great faith and love as we return a faithful tithe and give liberally to the needs of our congregation.
