## **Christian Record Services Canada**

The number of people with visual impairment or blindness is expected to double by 2050. This could include you or someone you love or someone in your community. Who cares?

Christian Record Services, a specific ministry targeted to meet the needs of the visually impaired community is so important. The SDACC has been supporting this ministry for several years and we want to continue to help those who are unable to see.

A unique ministry, we wish to help those who live with visual challenges, experience the love of God by providing materials, support and sharing the gospel so they may come to know the One who can give them hope and be their light.

Consider how much you value your eyesight and prayerfully donate today for someone who cannot see, so they can receive the caring love of Jesus through Christian Record Services. Give liberally so people who are blind can understand how much you care. May God open their eyes through your support.
