## **Adventist Ministries of Compassion Canada**

If your church disappeared today, would anyone other than the members even notice?

Adventist Ministries of Compassion is our consolidated ministries that include: the visually and hearing impaired, disabilities (now poss-abilities), refugee, compassion health, urban, social justice and youth engagement.

Under the umbrella of ADRA working in collaboration with SDACC, the new model of AMCC will be rolled out to do a more comprehensive work throughout Canada as we partner with all our compassion ministry directors in each of our conferences and local churches. By pooling our resources and efforts given the new trend of living in a post pandemic period, this ministry is greatly needed to breakdown barriers and extend beyond the walls of our churches.

We ask that you will help us be the church that makes a difference responding to the felt needs of people who are in dire situations. With a touch of kindness, compassion and care we can help to alleviate some temporary privations and point them ultimately to the One who can meet the deepest needs of their soul, our Savior. Thank you for being a part of this life changing ministry in sharing the gospel in tangible ways.

Daniel Saugh – Canadian Programs Manager at ADRA Canada and AMCC  
SDACC Coordinator
