

Dear Parents:

With our upcoming school year beginning in a few short weeks, I would like to share my plan for school supplies with you. Typically, I have sent out a list of supplies for parents to purchase, but this year I would like to ask each of you for \$35, charged through your school account, to purchase the supplies myself. This way, I will be able to purchase everything ahead of time, label each student's supplies with his/her class number, and have everything ready to go when we start school. There are a few items that you will need to purchase for your child that are not covered with the \$35. This includes:

- Rubber boots for garden and outdoor activities (these will be kept at school)
- An all-weather, water-proof jacket
- Water-proof outdoor pants (optional but recommended)
- Headphones to use with your child's chromebook

I am looking forward to seeing everyone in a few weeks. Please feel free to email me at ecampbell@weloveredwood.com if you have any questions about school supplies or any other matter.

Blessings,

Elisa Campbell
RAA 3rd/4th Grade Teacher
