Drop Off Time

COVID Case

We recently were informed that a parent of one of our 5-9th graders tested positive for COVID. The child of that parent was isolated and tested. The rapid results were **NEGATIVE** and we are awaiting the results of the PCR test. As a precaution we increased the number of students that were tested in house yesterday and will have those results by the end of the day to share with you. Please pray for quick healing for this parent and for the safety of our students that we will remain healthy at school.
