Sicknesses

Unfortunately it's that time of year when we see more sniffles and coughs around us. Often these symptoms are benign, however they can be associated with the COVID-19 illness. As a safeguard to keep our school COVID-free we kindly ask that if your child is experiencing any of the symptoms below to keep him/her home until they are symptom-free or have received a negative COVID test. **If your child has been absent due to illness, a negative COVID test result is required to return to school.** Please send a copy of the results to the office.

Common COVID-19 symptoms include: fever, chills, cough, difficulty breathing, body aches, sore throat, loss of taste or smell.

COVID Resources

Recent feedback from a few families has made us aware that local testing sites are overwhelmed. **Onondaga County Health Department is encouraging families to utilize the NEW site for return-to-school testing located at the Boys & Girls club at 201 Hamilton St. You must make an appointment [ONLINE](#), no walk-ins.** The site is open from **8am-11am M-F** offering same-day results so that students with a negative result may return to school the following day.

Additional resources:

- Info for molecular and antigen tests: <https://covid19.ongov.net/appointments/#SEC>
- NYS COVID-19 Test Site Finder: <https://coronavirushealth.ny.gov/find-test-site-near-you>

Testing is provided at Upstate Medical University, Syracuse Community Health Center, Quest Diagnostics clinics, many pharmacies, and WellNow Urgent Care centers.
