

# DEWAR INSURANCE TUITION REFUND PLAN

The Dewar Tuition Refund Plan (TRP) is an insurance to provide families the opportunity to protect their tuition investment in private schools, such as AMES. When enrolling at Adventist Malama Elementary School, families are responsible to pay the entire tuition. In the event a student is withdrawn before the end of the school year, the insurance refunds a portion of the unused annual tuition to the parent. The insurance also benefits the school by helping to insure it receives its budgeted tuition income.

- The TRP fee is required of all students who enroll at AMES.
- The TRP fee is calculated at 2.3 % of \$5,880 (tuition) or \$135.24
- Eligibility for this plan begins on the 15<sup>th</sup> day the child attends school.
- Withdrawal of a student may be for the following reasons: medical, family moves, death of a parent or student, financial problems, job loss of a parent or other. Please see brochure.
- Parents that pay the tuition in full may claim a 60% refund of the unused portion of tuition.

I/We hereby acknowledge that Dewar will only pay a portion of the unused tuition and that I/we are responsible for the remaining portion once I/we enroll and my/our child (ren) start attending classes.

I/We have received and read the Dewar Tuition Refund Plan Insurance brochure detailing the terms and conditions of the coverage.
