

Worthy Student Assistance Application

TNTCS wishes to encourage each family to send their students to an Adventist school. At times, the cost becomes a big factor in this decision so we are willing to help any family. All applications need to be approved by the School Board.

- The parents need to actively help in the education of their students. There are many opportunities where parents and students will be encouraged to volunteer to better the school program.
- The parents need to do all they possibly can do to finance the cost of tuition, it needs to be seen that the family is sacrificing in order to pay all they can.
- Applications will be considered at the August Board Meeting for the following year.

Family Information

Please also fill in the family budget information on the back of this form.
